

CONFERENCE ON FOUNDATIONS : STATE-OF-THE-PRACTICE

25 July 2013, Hong Kong

Table of Contents

Advances in Lateral Resistance of Piles	
Kyle ROLLINS	1
Foundation Related Site Characterization of Silty Sand	
A B HUANG	47
Difficulties Encountered During Concrete Placing for Bored Piles	
A K H KWAN	69
Recent Developments in Special Foundation Techniques	
Franz-Werner GERRESSEN.....	97
Recent Trends in the Practice of Deep Foundations in Korea	
Moonkyung CHUNG	119
Non-percussive Installation Methods for Precast Prestressed Concrete Spun Piles	
Albert T YEUNG	143
Recent Development in Bidirectional Load Tests and a Cost Effective Method of Proof Load Testing Every Pile at the Project	
W R WOOD and Jon SINNREICH.....	159
Recent Developments in Foundation Design and Construction in Hong Kong	
Victor LI.....	171
Recent Developments in Diaphragm Wall, Barrette and Shaft Grouting	
K H LAI & Kenny HUNG	201
